

BlaC-Mag

Group 2 Fertilizer

PRODUCT HANDLING INFORMATION:

The product is not a flammable material, but if exposed to fire, it may decompose and release hazardous fumes. Keep away from combustible material. In case of fire do not breathe fumes. Flood with water and ventilate freely.

Store away from sources of heat or fire, combustible materials and chemicals. Store under cover, on a dry, smooth surface, protected from direct sunlight.

Empty the bag by shaking to remove as much as possible of its contents. Empty bags may be disposed of as a non-hazardous material or recycled.

Use recommended application rates. Prevent spillage and pollution in preservation of the environment.
